**Nordby Construction Selected to Build Phase II of Rancho Mirage Professional Plaza  
*Leading North Bay Construction Company Lands Project in Southern California***

SANTA ROSA – June 16, 2006 – Nordby Construction, a leading West Coast construction company, has broken ground on a multi-million dollar medical office building located on Bob Hope Drive in the upscale town of Rancho Mirage, CA. The company is providing preconstruction and general contracting services.

The Rancho Mirage medical/professional office building project is a Class A, two-story, 49,000-sq.-ft. building with a two-story, 51,000-sq.-ft. open parking garage. Designed by BOKAPowell of Dallas, TX, in the sophisticated “desert style” of the area, the \$9 million project is a concrete and steel building required to meet local seismic and life safety requirements. This facility will house a surgery center, imaging center, and doctors’ offices.

“This project provides an exciting opportunity for us.” said Del Nordby, President of Nordby Construction. “While we continue to expand our success as a West Coast builder, particularly in Southern California, we’re also contributing to the rapidly expanding medical community in the Rancho Mirage area.”

The project is scheduled to be completed in the spring of 2007.

### **About Nordby Construction Company**
